

"Say, Lissen"

THE DIFFERENCE BETWEEN A BANANA AND AN UMBRELLA IS THE ONE IS RAISED IN A TROPICAL CLIMATE AND THE OTHER IN A RAINY CLIMATE.

Curlers Will Hold Bonspiel--Perhaps

A very successful curling meeting was held at the rink on Monday evening and preparations made for a local bonspiel to be held should the weather man send us any more cold weather. At present however the ice is fast disappearing and will be gone altogether unless a change comes soon.

Last Friday night two rinks went to Crossfield and played four games there, winning three of them. Freeman and Hardy skipped the first two and won and Sinclair and Julien skipped the other two with a win for Sinclair and loss for Julien. After the games the Crossfield Club invited their guests to an oyster supper which was much appreciated. Our boys report a splendid time throughout.

Annual Meeting of W. C. T. U.

The W. C. T. U. held their annual Frances Willard Memorial meeting at the home of Mrs. J. V. Berscht. A brief sketch of the life of this most famous temperance reformer was given by Mrs. Berscht, in which her beauty of character, her gift of wonderful ability to create within others faith in themselves and under her loving guidance to inspire workers to become great forces for good were emphasized. A paper on "The Ideal Mother" was also read and musical numbers were given by Mrs. Dengis, Mrs. Powers and Laura Liesemer.

Sort Out This Mix-up

General Matrimonial Mixups of Lizzie, Adams and Johnnie Lufts

"It is better to have luffed and lost than never to have luffed at all" as the old saying goes, but here is one that must have puzzled the Registrar of marriages as well as the parson and the relatives. It is plain to be seen that the Lufts luff each other and this is how it all came about. Lizzie Luft was married to Adam Luft and Lizzie Luft was married to Johnny Luft. Lizzie and Lizzie are cousins. Adam and Johnny are cousins, but there was no relationship between Lizzie, the first and Johnny, or Lizzie the second and Adam. At first it would seem that

Calgary Boys Take Box Car Pullman to Didsbury

Four young visitors arrived in Didsbury via the box car route last Friday. The boys were found by the train crew and were put off at the siding just south of Didsbury. Const. Sick found them making a bunk for themselves in Mr. W. G. Liesemer's hay barn, east of the tracks, and took them in charge. They gave their ages as fourteen and fifteen years and their homes as in Calgary but they found school life so strenuous and their teachers so unsympathetic to their ambitions in that city that they decided to trek for pastures new and scenes that were brighter in the fair capital of the province, Edmonton. Their journey was cut short, however, by the unfeeling actions of the train crew and Const. Sick had to act as a father and guardian to the runaways until an escort arrived on Saturday to take them back to Calgary.

They gave their names as Austin Pinel, Phillip Pinel, Louis Bereov and John Neff.

Cattle Can be Bought Cheaper in Ontario Than in U. S.

Dr. J. H. Grisdale, deputy Minister of Agriculture in the federal government, is authority for the statement that there is no justification for lowering tariff rates on stock from the U. S. because there is an ample supply of cows and heifers in Ontario to supply the needs of the west. He stated that eastern cattle could be purchased by the western farmer, including transportation charges, at more reasonable prices than he could purchase from the U. S. This statement was made last week at the concluding session of the dairy cattle conference held in Ottawa.

This was a case where brother and sister married sister and brother who were cousins, but not so. It isn't even a case of brothers marrying sisters who were cousins, but a case where cousins married cousins who were no relation to them.

A General Mixup

Now it happens that one of the young ladies is a sister of another Adam Luft, and consequently the other is his cousin also, but this brother Adam is a resident of Calgary and the Adam who married Lizzie is a resident of Didsbury. Adam and Adam were not related to one another, but now they are brothers-in-law.

It is believed that this is the first time in the history of Calgary that marriages of this peculiar nature have been solemnized. They took place in the Moravian church on Tuesday and Wednesday of last week. Rev. Mr. Scheel of Edmonton officiating.—Calgary Herald.

NOTICE

All persons having claims against Thomas McDonald are hereby notified to hand particulars of same to the undersigned before the first of March, 1924.

(Sgd.) H. W. Chambers, Atty. for Thomas McDonald, 15th February, 1924.

AROUND THE TOWN

Miss Anna Mueller spent last week end in Calgary.

Miss Emily Moyle was a visitor in Calgary over the week end.

The Presbyterian Ladies Aid will meet at the home of Mrs. Gay on Wednesday, March 5th.

Services will be held in the Church of England on Sunday, March 2nd, at 3 p. m.

John R. Miller, Alberta's Sight Specialist, of Calgary, 404 Underwood Bldg., will be in Didsbury at the hotel on Saturday, March 8th.

The name of Mr. J. R. Miller appeared in the last official number of the Alberta Gazette as being appointed a Commissioner for cattle.

The ladies of the Westcott W. C. T. U. are having a sale of home taking on Saturday, March 1st, at the Hub Grocery. Commences at 1 o'clock, come and bring your friends.

The Trail Rangers entertained a number of their friends at a party on Monday evening in the school basement. Games of all kinds were held after which lunch was served. Naturally the youngsters had a good time.

The Olds Board of Trade held a banquet last week and amongst other important items of business discussed was that of making arrangements to hold a meeting of the various municipalities interested to locate Municipal Hospital under the Municipal Hospital Act.

"When Your Wife's Away" is the title of a play that will be given by the Tuxis Boys in the Opera House on Wednesday night, March 7th. There will also be a debate on Oriental Immigration into Canada, between Didsbury and Olds besides a splendid programme. Keep this date clear and come out and see the boys in their first entertainment. The prices are reasonable and you will have a good evening's entertainment.

Six passengers booked their passage to Australia this week at the local C. P. R. offices. Mr. and Mrs. T. White and two children, Mr. Noel White and Mr. Eric Sworn will sail on March 7th from Vancouver on the S. S. Makura, their destination being Brisbane, Australia. Their many friends will wish them a safe and pleasant voyage over the Pacific and hope that their twenty five day trip on the briny will be enjoyed.

Where Co-operation Is Badly Needed

The farmers of Western Canada profess to believe in co-operation and to be convinced of its merits. We believe they do and are. The success of the United Grain Growers Co., the Saskatchewan Co-operative Elevator Co., co-operative creameries, co-operative wool marketing, and sundry other enterprises, and the steps now being taken in all three prairie provinces to create wheat pools, all go to prove that the West believes in co-operation by individuals for the common welfare of all.

But even so, Western Canada is only in the A.B.C. stage of learning the lesson and realizing the benefits of co-operative effort. And, as stated in a recent article in this column, the outstanding need of the country is more, not less, co-operation; more self-reliance on the part of the individual, less leaning on Governments, and closer, more effective co-operation by all people in their respective communities, districts and provinces.

Farmers are devoting much time to co-operation in distribution and marketing, and they are wise in doing so. But why not begin at the very beginning with co-operation in production? It will be urged in reply that production is, and must be, an individual matter with the farmer. This is true to some extent, but in other respects maximum profitable production can only be attained through co-operation. Let us illustrate:

It remains with the individual farmer to decide how thoroughly he will cultivate and prepare his land, and whether he will sow good, clean seed, the best he can obtain. And these are important factors in production. His neighbor cannot decide these things for him, nor help, except with advice and good example. A number of farmers can, however, co-operatively make arrangements to secure clean, tested seed, and thereby save money for all and benefit all.

Suppose, however, that one farmer has given careful attention to cultivation and has sown only clean seed, but a neighbor neglects his farm, ignores the law, and allows his land to become infested with noxious weeds. It is only a matter of time and seasons when the land of the careful, progressive farmer is contaminated by the weed seeds his neighbor is producing, and, notwithstanding cultivation and good seed, his production is reduced and he, too, is hauling and marketing weed seeds instead of wheat. A stop could be put to this through co-operation.

Recently a Winnipeg newspaper stated that weeds cost the farmers of Manitoba last year a good many million dollars—\$22,000,000 we think the figure was, or more than the total of Provincial taxation, heavy as that is.

In the booklet entitled "Is the West Worth While," to which reference was made last week, the following statement is emphasized: "The farmers complain that the tariff cost them some \$9,000,000 in 1922; but never a word is said about the loss of \$150,000,000 to the farmers of Western Canada in 1922 through weeds." And the author, in advocating broad, comprehensive co-operation, asks: "Why can't the Western farmer make a weedy farm as unpopular as a skunk in the dairy room, and thus save for himself the millions of dollars it costs him annually to grow weeds?"

But hundreds of people seem to labor under the delusion that the passing of a Noxious Weed Act by the Legislature and the appointment of a weed inspector, is all that is necessary to solve the problem. Another case of leaning on the Government, whether it be Provincial or Municipal. Let the truth sink in that if the Statute Books contained nothing but weed legislation, they would never solve the problem. It will never be solved, and the appalling loss will continue to be sustained by the farmers unless and until the farmers themselves are prepared to co-operate systematically and with determination for its removal.

Farmers did not fight grasshoppers by one farmer doing his duty and remaining indifferent whether his neighbors discharged theirs or not. They worked together, fought shoulder to shoulder, farm to farm, in a word, they practised co-operation. And it proved effective.

Co-operation will alone solve the weed problem. Legislation, let it be repeated, cannot do it. It cannot be done through process of law. But it can be done through co-operation by the farmers themselves. If every Grain Growers and United Farmers local association declared war on weeds, and made it their business to see that their respective districts were cleaned up and kept clean, they would be the means of putting millions of dollars into the pockets of farmers annually. The annihilation of weeds would well nigh pay the freight bills of the Western farmer.

Will Circle Globe

Major Pedro Sanzra and Ensign Nelson T. Page, aviators of the Argentine army and navy, sail for London to obtain aeroplane and equipment for the round-the-world flight which they plan to start, probably in June, from Rome. They will fly eastward by way of Japan and Canada.

Alberta Wool Sales

E. L. Richardson, secretary of the Alberta Sheep Breeders' Association, with headquarters at Calgary, reports that last year the organization marketed 90,500 pounds of wool for 155 sheep breeders, total receipts for same being \$21,849, an average of a little more than 24 cents per pound.

CHILDREN CRY FOR "CASTORIA"

Especially Prepared for Infants and Children of All Ages

Mother! Fletcher's Castoria has been in use for over 30 years as a pleasant, harmless substitute for Castor Oil, Paragoric, Teething Drops and Soothing Syrups. Contains no narcotics. Proven directions are on each package. Physicians every-

where recommend it. The kind you have always bought bears signature of

Chas. H. Fletcher.

Krupp Works For Spain

Stated Big German Concern Will Circumvent Treaty Provisions by New Move

The famous Krupp Company of Germany is to take over Spain's oldest engineering works, La Maquinista Terrestre Maritima, established in 1855, and also the Cardona Dockyard, both in Barcelona, Spain, according to a dispatch to the Daily Mail from Barcelona. The Germans are to supply the technical staff and Spanish banks will subscribe the capital necessary for extensions of the plants.

The Krupps will immediately place large orders for work, which cannot be undertaken in Germany under the provisions of the treaty of Versailles. They will build steamers for German and South American lines, and locomotives for the Spanish railroads.

The dispatch adds that the agreement has been favorably received in Barcelona, where its inauguration will relieve the unemployment brought about by the closing down of other works there.

Women Can Dye Any Garment, Drapery

Dye or Tint Worn, Faded Things
New for 15 Cents

Diamond Dyes

Don't wonder whether you can dye or tint successfully, because perfect home dyeing is guaranteed with "Diamond Dyes" even if you have never dyed before. Druggists have all colors. Directions in each package.

Big Land Deal

It is understood that a 50,000-acre land deal has been completed by the Webster Land Company. The deal, which involves a large sum, was a cash purchase of lands left vacant by Mexico-bound old colony Mennonites in the vicinity of Rosthern, Sask.

Mother! Give Sick Baby "California Fig Syrup"

Harmless Laxative to Clean Liver
and Bowels of Baby or Child

Even constipated, bilious, feverish, or sick, colic Babies and Children love to take genuine "California Fig Syrup." No other laxative regulates the tender little bowels so nicely. It sweetens the stomach and starts the liver and bowels acting without griping. Contains no narcotics or soothing drugs. Say "California" to your druggist and avoid counterfeits! Insist upon genuine "California Fig Syrup" which contains directions.

If all the followers of Mr. De Valera were placed end to end, we are informed, they would reach about seven miles out to sea. A lot of people are in favor of this scheme.—Punch.

GUARD THE BABY AGAINST COLDS

To guard the baby against colds nothing can equal Baby's Own Tablets. The Tablets are a mild laxative that will keep the little one's stomach and bowels working regularly. It is a recognized fact that where the stomach and bowels are in good order that colds will not exist; that the health of the little one will be good and that he will thrive and be happy. The new sales tax will not increase the price of Baby's Own Tablets, as the company pays the tax. You can still obtain the Tablets through any medicine dealer at 25 cents a box, or by mail, post paid, from The Dr. Williams' Medicine Co., Brockville, Ont.

The Palestine Exploration Society is soon to make excavations on the Mount of Olives.

Soundness and Strength Outstanding Features Of Union Bank Report

59th Annual Report Shows The Bank In Solid Position With High Percentage of Liquid Resources

The balance sheet of the Union Bank of Canada for the fiscal year ending 30th November, 1923, was received with a great deal of satisfaction by the unusually large gathering of shareholders at the Annual Meeting, which was held at the head office in Winnipeg, on Tuesday, January 15th. W. R. Allan, President, presided. The General Manager, J. W. Hamilton, presented the statement, and explained it in detail.

The last Board of Directors was re-elected excepting S. E. Elkin, St. John, N.B., who had resigned. At a directors meeting later in the day the following officers were elected: Sir William Price, Honorary President; Mr. W. R. Allan, President; Mr. G. H. Thomson, Mr. Stephen Haas and Mr. M. Bull, Vice-Presidents.

Some of the outstanding features of the statement are:—

Total assets amounting to	\$128,299,679
of which nearly half represents cash, or assets than can be quickly and readily turned into cash	57,877,689
Reserve and Undivided Profits	2,067,074
Deposits amounting to	95,621,250
Investments, represented by Dominion and Provincial Government Securities, Canadian Municipal Securities, British, Foreign and Colonial Securities, Railway and other Bonds, Debentures and Stocks	26,735,987

A copy of the Complete Report may be obtained from any Branch of the Bank.

Order Your Farm Help Now

IN VIEW of the great demand for farm help existing in Canada, the Canadian Pacific Railway will continue its Farm Help Service during 1924 and will enlarge its scope to include women domestics and boys.

THE COMPANY is in touch with large numbers of good farm laborers in Great Britain, Norway, Sweden, Denmark, France, Holland, Switzerland and other European countries and through its widespread organization can promptly fill applications for help received from Canadian farmers.

In order to have the help reach Canada in time for the Spring operations farmers needing help should arrange to get their applications in early, the earlier the better, as naturally those applications which are received early will receive first attention.

Blank application forms and full information regarding the service may be obtained from any C.P.R. agent or from any of the officials listed below. THE SERVICE IS ENTIRELY FREE OF CHARGE.

LABOR PARTY TO LEND ASSISTANCE TO AGRICULTURE

London.—The new prime minister, J. Ramsay MacDonald, has completed his ministry with an expedition somewhat unusual with the older political parties, owing to his having been in the novel position of knowing some weeks beforehand almost the actual date the Baldwin Government would be defeated.

Emigration schemes never have been very popular with the Labor party, and it is probable that the new ministry will give only a qualified approval of them. It is the intention of the government to set afoot immediately an inquiry into agricultural conditions in the United Kingdom. One of the first measures the Labor Government will deal with is also a bold housing policy.

With reference to proposals which have been made in some quarters that ministerial salaries would be cut, it is apparent that they are meeting with little favor, even with the extremist members from the Clyde, who are said to be unwilling to support Robert Smillie in his crusade to this end.

Lord Haldane, although taking the portfolio of lord chancellor, will certainly concern himself largely with matters of imperial defense.

Probe Farm Marketing

W. Sanford Evans Asks for Appointment of Select Committee of Manitoba House

Winnipeg.—Notice of motion was filed in the Legislature by W. Sanford Evans, Conservative member for Winnipeg, asking for the appointment of a select committee of the House to consider the question of conditions, methods and agencies for the marketing of farm products with the power to send for persons, papers and records and report their opinions in this House from time to time.

ASPIRIN

Beware of Imitations!

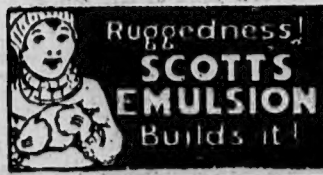

Unless you see the "Bayer Cross" on package or on tablets you are not getting the genuine Bayer Aspirin proved safe by millions and prescribed by physicians over twenty-three years for Colds, Headache, Toothache, Lumbago, Neuritis, Rheumatism, Neuralgia, Pain, Pain.

Accept "Bayer Tablets of Aspirin" only. Each unbroken package contains proven directions. Handy boxes of twelve tablets cost few cents. Drugists also sell bottles of 24 and 100. Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Monopropionic Acid of Salicylic Acid. While it is well known that Aspirin means Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

Get Midway Rights

Saskatoon.—Johnny J. Jones shows again obtained the midway contract for Western Canada Class A fairs, after keen competition at a session of the Western Canada Exhibition Association that lasted several hours. Gale Brooke, of Minneapolis, again holds the grandstand refreshment concession, and platform attractions will be booked from Wirth Hamid, of New York.

W. N. U. 1509

Ask For Changes In Pension Board

Winnipeg.—A petition asking "that immediate steps be taken to purge the Board of Pension Commissioners and the Department of Soldiers' Civil Re-establishment of those officials who, as a result of the inquiry of the Royal Commission, have been found derelict in their duty, and to have shown neglect and injustice toward dependents of deceased former service men," will be presented at the coming session of the Federal Parliament by the Dominion Veterans' Alliance. It was announced here.

Cannot Compete With Canada

U.S. Convinced that Dominion Can Produce Better and Cheaper Grain

Winnipeg.—That the United States Government Commission, which recently toured Canada investigating the cost of grain production, has decided that the United States could not compete with Canada in this respect, was the statement made here by L. H. Boyd, chairman of the Board of Grain Commissioners.

Mr. Boyd, who has just returned from Chicago, stated the commission was satisfied Canada could produce grain cheaper and this, combined with the fact that Canadian grain was the higher quality and the land throughout more fertile as regards crops, was of the utmost importance to Canadian farmers.

Watch Possible Encroachments

Canada Claims Vast Areas in North Which U.S. Would Annex

Ottawa.—The Canadian Government is asking the British Embassy at Washington to keep it fully posted on the plans of the United States for the aerial trip of the Shenandoah to the Arctic regions to "annex" a million miles of territory to the United States.

Canada claims the vast areas in these districts by reason both of their adjacency and Canadian exploration. While it is not thought here that the States will lay serious claim to the territory in an official way, any attempt by it to assert sovereignty will, it is said, be strongly resisted.

Decline In Employment

Falling Off, However, Was Less Than At This Time Last Year

Ottawa.—Employment at the beginning of January showed the large contraction always indicated at this time of the year, although the declines were considerably less than at the beginning of January, 1923. According to a return, tabulated by the Dominion Bureau of Statistics, there was a decrease of 57,581 persons or 7.3 per cent. in the employment afforded by the reporting firms.

Losses recorded at the same period of last year had affected more than 72,000 persons, or nine per cent. of the payroll.

Up To Labor Party

Now Have a Chance to Show What They Can Do

London.—The Daily Herald, the Labor organ, says "today begins the most difficult and dangerous period in the history of the British Labor movement. Up to now the Labor leaders have been critics, attacking Tory or Liberal governments for sins of commission or omission, and have told what they would do and what they would avoid if they had the opportunity to govern. Now they have it. Now they are critics no longer but become marks for criticism. Now the great movement waits eagerly for the leaders to justify the confidence and loyalty that have placed them where they are."

Russia Mourns For Dead Premier

Moscow.—Russia, from the far-flung villages of Siberia to the towns of the Crimea, is dazed by the passing of her premier. Some of the peasants hate Communism, but most of them placed their confidence in Lenin.

"Lenin is dead. Rally about his name and memory, and carry on his policy." This was the purport of his messages.

WESTERN EDITORS

R. Lobb, Editor and Publisher of The Times, Stoughton, Sask.

Optimism Is Abroad

Strong Advent of Mixed Farming Is Bringing Back Confidence

Winnipeg.—Western Canada is aglow with optimism, and the farmers, with the stronger advent of mixed farming, are confident of rapid progress, said Col. H. A. Mullins in addressing a Rotary Club luncheon at Winnipeg. "There is a better feeling of optimism and the old pessimism is dying, both in the country and city," he said.

"What is the best for the farmer today?" Col. Mullins asked. "The raising, feeding and finishing of cattle," he answered. In the further breeding of good steers the success of Western Canada lay, he said.

"If we can't get you to the country in the winter to see our farms, then we'll bring some illustrations to show you what it is like and the cattle we are raising," said Col. Mullins during his address. He then produced pictures of first-class steers and passed them around to the members.

Lockout of Clothing Workers

Montreal.—A lockout of 1,500 men's clothing workers in Montreal by the Clothing Contractors' Association, following the refusal of the workers to accept a reduction in pay, has closed down 90 contract shops and some 35 to 40 of the smaller inside shops in the industry.

Women In All Parts Of Canada

Tell Of The Good Work Dodd's Kidney Pills Are Doing

Mrs. C. H. Lafamme tried them and is now recommending them to her friends.

Bridgeville, Que. — (Special). — "Dodd's Kidney Pills have done me a great deal of good. I have taken many other remedies, but none of them did what the first box of Dodd's Kidney Pills did for me. I tell all my friends about them."

This statement, which speaks for itself, is made by Mrs. C. H. Lafamme, well known resident of this place.

Kidney trouble is very common amongst all classes of people, and usually a lot of valuable time is lost by using unsuitable treatments. A good plan is to watch the kidneys and keep them healthy. Dodd's Kidney Pills stimulate and strengthen weak kidneys. They are used and recommended all over the civilized world.

Dodd's Kidney Pills have restored sound health to thousands of troubled women and men.

Obtain from all druggists, or The Dodd's Medicine Co., Ltd., Toronto.

Jews From Rumania

London.—The emigration work of the Jewish Colonization Association in Rumania is being pushed forward with energy and three hundred refugees are due to leave for Canada, the Canadian Press Association is informed.

HOARSE?

Remove the danger of bronchitis by gargling with Minard's in water. An enemy to germs.

Story of Canada Will Be Told at Exhibition

Ottawa.—The story of Canada will be told at the British Empire Exhibition in a series of diagrams so prepared that "he who runs may read." The diagrams, prepared by the Dominion Bureau of Statistics, will be sent shortly to England, and will depict all the leading phases of Canadian activity from the original settlement of 44 in 1605 to a population at the last census of 8,788,483.

St. Lawrence Power Project

Ottawa.—Following a meeting of the Cabinet, Premier King announced that a communication in regard to the St. Lawrence power project would be dispatched to Washington immediately.

It is expected that the advisability of appointing an international board of engineers to consider all angles of the scheme will be suggested.

Dizzy Spells Bearing-Down Pains

When pains gather around the hips and lodge in the small of the back—when to stoop or bend seems impossible, when dizzy spells and bearing-down pains are ever present—that's the time to use Dr. Hamilton's Pills. Irregularities disappear, vital energy is restored, back trouble is forgotten.

DR. HAMILTON'S PILLS

The ailing sick woman gains strength, improves in looks, increases in spirit, by using Dr. Hamilton's Pills. They correct the conditions that rob her of health and vigor. No medicine so helpful as Dr. Hamilton's Pills. 25c at all dealers, or The Catarthozone Co., Montreal.

Politics Not Practicable

Saskatchewan Grain Growers May Keep Out of Provincial Field

Moose Jaw.—While the use of the machinery of the Saskatchewan Grain Growers Association is the logical sequence to its efforts along social and economic lines, provincial political action is not practicable in the present stage of the association's growth, according to the report of the board of directors, presented at the annual convention here.

"There is a feeling in many quarters of the province," says the report, "that the association is suffering from the effects of its decision in the 1922 convention to allow its members, in any provincial constituency to use the machinery of the association for the purpose of nominating and electing a member to the provincial legislature."

Ask For Relief

Home Bank Depositors Present Petition to Government

Ottawa.—Submitting that the monetary loss occasioned by the failure of the Home Bank of Canada was a national responsibility and should be borne by the country as a whole, a national committee representing depositors in the Home Bank, waited upon the cabinet here and presented their arguments for indemnification of depositors and shareholders for their losses. The government gave the committee a sympathetic hearing and promised to present to parliament, when it assembles, whatever proposal is deemed feasible for such relief.

May Get Interim Payment

Calgary, Alta.—It is quite likely that an interim payment will be made to members of the Alberta Co-operative Wheat Producers, Limited, before spring work commences, R. O. Gorman, secretary of the pool, informed the Canadian Press. This matter has been considered by the trustees, but no definite action has as yet been taken.

Denies Appointment

Edmonton, Alta.—The local report that he would resign the premiership and take over the chairmanship of the proposed liquor commission, with O. I. McPherson, now speaker of the legislature, and ex-Mayor D. M. Duggan, of Edmonton, as the other members of the board, was emphatically denied by Premier Greenfield.

NEW SOURCE OF FUEL IS NEEDED FOR DOMINION

Ottawa.—Delay in obtaining substitutes for Canadian anthracite importations is dangerous because of the certainty of the ultimate exhaustion of supplies, rising prices and the possibility of an embargo against export, declared Dr. Charles Cammell, deputy minister of mines, in outlining before the Engineering Institute of Canada here, the steps that have been taken and the most important plans being carried out to arrive at a solution of the fuel problem.

"As a new source of domestic fuel cannot be developed at a moment's notice, we must make preparations several years ahead for the time when Pennsylvania anthracite will not be available," Dr. Cammell said.

Outlining Canada's coal problems, the deputy minister referred to the coal industry of Vancouver Island, which was faced with a problem brought about by the competition of cheap fuel oil from California, Mexico and Peru; Alberta's problem of extending her markets to absorb the production she is capable of making and so permit of more uniform production throughout the year; Saskatchewan's problem of utilizing the great lignite beds; and the problem in Nova Scotia of mining and increasing the production to supply the demands of Eastern Canadian provinces.

"The most promising sources from which we hope to obtain substitutes for the diminishing supplies of United States anthracite are Alberta coal, by-product coke, Welsh anthracite and peat," Dr. Cammell said. "In addition, an investigation is being undertaken to determine the extent to which more use could be made of our hard woods for fuel purposes."

Mothers' Best Friend In Rearing Children

Pain and sudden sickness are apt to come upon us at any time and safety lies in having always handy on the shelf a reliable pain relief like good old "Nerviline." For nearly half a century Nerviline has been a family standby, and most mothers have come to rely upon it in case of colds, sore throat, tight chest, sprains, cramps, nausea and sudden attacks of sickness at the stomach. For internal or external use, Nerviline is worth its weight in gold in every home, and costs but 35 cents at any dealers.

Remain in Federal Field

Moose Jaw.—Advising farmers to stay in the federal political field, urging completion of the Hudson's Bay Railway and development of the Pacific coast grain route, Hon. J. A. Maharg, president of the Saskatchewan Grain Growers, addressed the association's annual convention here. Mr. Maharg said he cared little what the farmers did in relation to provincial politics.

MRS. HENRY McDONALD

This Article Will Interest Every Mother!

Toronto, Ont.—"Dr. Pierce's Favorite Prescription is the greatest help in motherhood of any medicine I have ever known. I am the mother of six children and I suffered greatly each time except the last one, when I was advised to take Dr. Pierce's Favorite Prescription, which I did, and I got along just fine; felt well and strong and had practically no suffering, and had a grand baby, that has always been very healthy. I regained my strength very quickly afterward. I was so thankful to have been advised of this medicine, it gave me such wonderful help."—Mrs. Henry McDonald, 3 Wilmot Avenue.

Health is of vital importance to every mother. Do not neglect the most valuable asset you have. Get this Prescription of Dr. Pierce's from your neighborhood druggist, in tablets or liquid, or send 10 cents for trial package to Dr. Pierce's Laboratory in Bridgeburg, Ont.

for a term of years and is giving up
farming, everything must be sold to
the highest bidder without reserve.
Lunch at noon. Sale at 1 o'clock.

TERMS:—All sums at and under

FROM FLORIDA TO THE ORIENT ALONE

FOR people to travel nine thousand miles in these
days of rapid and easy transportation is a fre-
quent occurrence, but for three children under fifteen
years of age to do so unaccompanied by an adult is
unusual if not unique. More remarkable still is the
fact that one trio of youngsters who covered more
than this distance alone, Jack Turner, aged fifteen,
Mary, his ten-year-old sister, and Richard, aged four,
travelled from Jacksonville, Florida, to Shanghai,
China, with but one change of cars, and one change
for the steamer, making the quickest trip on record
between these two points, according to the traffic
experts of the Canadian Pacific Railway, officers of
which company looked after the welfare of the chil-
dren throughout their journey. From Jacksonville they
travelled to Chicago on the Dixie Flyer. From there
they travelled via Canadian Pacific to Vancouver
where they transferred to the Canadian Pacific S.S.
"Empress of Russia." They left Jacksonville on De-
cember 21st, arriving at Shanghai on January 12th,
covering the distance of 9,133 miles in a little over
twenty-one days.

Here and There

Manitoba is perhaps the most
marrying province in Canada. For
instance, in Ontario, there were 24,
871 marriages in 1921, a rate of 8.5
per 1,000, while in Manitoba it was
8.7 per 1,000 of its 610,000 popula-
tion.

Eastbound steamship travel from
Canadian ports via Canadian Pa-
cific steamships is heavier at the
present time than for several years
past at this season, a recent report
declares. Bookings in some instances
have run as high as 70 per cent in-
crease over those of last winter.

According to a recent official com-
pilation, out of every 100 people in
Canada 51 live on farms. The 70,
000 farms in Canada represent a
gross worth of \$700,000,000 or about
\$10,000 per farm, and produce an
annual revenue of nearly \$1,500,000,
an average income per farm of \$2,
000 yearly.

HOGS

6 Sows to farrow in April: 30 Shoats, wgt. 125: Purebred York.

SCOTCH LASSIES FIND NEW HOMES AWAITING THEM IN CANADA

SHOULD the "hired girl" or the "maid of all work" of times gone by take a look into the present day situation, the shock would be severe and possibly fatal.

Signs of the times show conditions to be improved in relation to the "domestic." When the above group of girls from the British Isles arrived at Dorchester House, Montreal, after crossing to Quebec by the Canadian Pacific S.S. Montcalm, to take up domestic service in Canada, the street was literally lined with limousines and smart touring cars.

After the formalities of interviewing and the signing of papers, the authorities of Dorchester House might easily say "Yes! we have no maids," as all of the group of excellent Old Country lassies found immediate employment. There were approximately fifty in the consignment and there were well over fifty waiting homes for them. The Rev. John Chisholm, who is seen in the illustration is a prominent factor in bringing to Canada an excellent type of domestic servant and he follows his work up by seeing that the individual girl is placed in a house congenial to her. These girls are from all parts of the Old Country and are representative of all religious bodies. It is invariably arranged that girls are placed in homes of their own religious denominations.

MACHINERY

34 in. Wagon with new triple box: 34 in. Wagon with rack: Set sleighs: with triple box: Extra hay rack: Oliver gang plow, 14 in.: Hoosier press drill: Set drag harrows: 8 ft. Details have just been announced concerning the "Aorangi," the new motor ship that is being built by the Union Steamship Company of New Zealand. The motorship is under construction at the Clyde yards of the Fairfield Shipbuilding Company and when completed will be the largest motorship in the world, having a displacement of 20,000 tons. On the Pacific she will be exceeded in size only by the "Empress of Canada" and the "Empress of Australia," of the Canadian Pacific Railway Company, which is her agent.

Here and There

Navigation of the St. Lawrence river is expected to open early in the month of April. According to preliminary schedules issued by the various steamship companies operating between Canadian Atlantic ports and Europe, 192 ships will visit the port of Quebec in 1924.

The Canadian Pacific Railway has inaugurated as a special feature the serving of afternoon tea regularly on all dining, cafe and buffet cars throughout the system. The tasteful little menu which the company provides includes tea, coffee, chocolate, toast, muffins, cake, ice cream and preserves at reasonable prices.

The Spiller Company, a great British concern with \$150,000,000 capital, has completed arrangements for the establishment of facilities in Canada which will entail an outlay of \$6,000,000 to finish the plant of the Alberta Flour Mills in Calgary, with another \$2,000,000 to build an elevator at Vancouver.

The second of the two large paper machines recently installed by the Beigo-Canadian Paper Company at Shawinigan Falls, Que., has commenced operations. The machine, which is the product of the Dominion Engineering Company, is now producing newsprint. It will be tuned up and is expected to produce a commercial grade of newsprint at or above its daily capacity of 75 tons in the near future.

Pine Air is Good For Catarrh, Colds

Dwellers in pine forests never have colds, never know the meaning of Catarrh. Upon this fact is based "CATARRHOZONE," which sends into the lungs and nostrils the healing balsams and soothing antiseptic of the pine forest.

The health-laden vapor of "CATARRHOZONE" subdues the worst of coughs, colds and catarrh.

The tiniest corners of the lungs are treated, the uttermost parts of the bronchial tubes are reached, every cell in the nose and throat is bathed in the antiseptic balsam of CATARRHOZONE. Simply invaluable is CATARRHOZONE because so safe, so effective, so sure to stop huskiness, whooping cough, catarrh, nose colds or bronchitis—try it yourself.

Complete two months' treatment guaranteed, price \$1.00; small (trial) size 50c. At all druggists. Refuse a substitute for CATARRHOZONE. By mail from The Catarrhozone Co., Montreal.

(Continued)

I wish there were a more beautiful word than scent or perfume or aroma or smell to give a name to the wild strawberry's first appeal to the senses. Our Anglo-Saxon forefathers must have been less sensitive to such impressions than we are, their one word is so inexpressive and so unnecessarily ugly. And all the others have an exotic artificiality that makes them unsuitable when one speaks of strawberries or wild roses or camp-fires or snow on a frosty spring morning.

We picked berries that day until when at night I closed my eyes I could see them hanging in clusters. But there is nothing dream-like or imaginary in the row of strawberry preserves that gladdens my house-wifely heart. At noon Murray built a fire and we made tea, baked potatoes in the coals—they were not a great success, but the twins loved them—and then ate incredible quantities of sandwiches and pie and hard-boiled eggs and cold roast chicken. Later in the season we picked raspberries—and a wasp's nest—and wild plums and pincherries and cranberries, but no other day can compare with the one of the strawberry picnic.

Our tennis tournament was held one fairly cool Saturday afternoon. Mr. Macleod and Jean and Jim had dropped in and in some way the talk turned to tennis. Maudie remarking that we had the foundation for a good grass court at the side of the house. One suggestion after another was made, and in the end Murray and Jim put up a length of poultry wire for a net and with our two racquets and soft rubber balls belonging to the children we played a series of "sudden death" games on an entirely new system of elimination. I had only played twice since Murray came home, Jim and Jean had never played before, and Murray and Mr. Macleod not since before they went overseas. Maudie, in fact, was the only one of us who was in practice, but while she played

a steady and uninteresting game she was no match for Mr. Macleod's wicked serve. In the end, due partly to luck, partly to a natural quickness and partly to the fact that he made me laugh so much that I missed almost every ball, it was Jim who carried off the prize, a chocolate cake that had been intended for our Sunday supper. When Maudie went home she sent out a box of balls, the boys marked the courts properly, and we had many a good game, Jim developing into so fast a player that I do not know what he would have done on a hard court.

Maudie seemed scarcely to have come before it was time for her to go away again. She and Murray, without consulting me, decided that I was to visit her for Thanksgiving week. And if you are here next summer I'm coming again, whether you invite me or not," she called from the back platform as the train pulled out.

Teddy came the next day with a whoop and a rush and much energy to be expended. He found many changes and improvements about the place and gave his approval to all.

"But what I like best," he confided to me, "is the difference in Murray. Gee, he isn't the same chap that came here at all! And isn't the old boy some farmer? He seems to—have taken a great fancy to the life."

He found the children grown, of course, and he agreed with me that Rupert had lost much of his susceptibility to minor ailments.

"And you yourself seem different, somehow," he said, eyeing me critically. "I used to think you'd miss your old friends and the city ways pretty bad, but you surely hide it well if you do. Everyone I meet out here tells me what a fine sister-in-law I have. And," with a disarming grin, "you're not getting any worse-looking, either." Teddy, Murray and I were both glad to see, no longer talked of coming taming with us or of seeking his fortune in the North. He had, he told us, decided to stay in the bank until business improved, and then he would try to get into some other line where his banking experience would be of service, but where advancement would be more rapid.

"Just between ourselves," he admitted, "I'm lucky to have a job of any sort, when you think of the number of fellows who can't get work. This winter I plan to take the short commercial course that the University is giving. I don't think I'd ever make a doctor or a lawyer or a minister, but maybe J. Edward Aylwin will be comptroller-general yet—about the same time that the Hon. Murray Aylwin is Minister of Agriculture."

"That's right, son," said Murray approvingly, "and in the meantime I hope you'll spend all your holidays at Herrington's Hope, so as to get the farmers' point of view."

"You just bet I will," replied Teddy seriously. "It's the best sort of place for a holiday, though I've given up the idea that I'd make a good hired man."

It was, however, surprising the number of things Teddy found to do during the two weeks he spent with us. Clad for ordinary occasions in a pair of riding breeches, a khaki shirt, and puttees—which, while undoubtedly picturesque, must have been fearfully hot—he was busy from morning until night. Aided and abetted by the twins he "landscaped" gardened the part of the creek-bank that Murray had not had time to attend to, and built a rustic summer-house in the psychological spot. So successful was his rustic carpentry that he next constructed what he called a pergola, and I a porch, at the kitchen door. "Next summer you'll plant scarlet runners there," he ordered. "Mother always has them at home and I'll ask her to send you some seeds." He seemed really disappointed that there was nothing for him to build about the stable or the hen-house, and to relieve his feelings he cleaned and oiled machinery and groomed the horses until everything shone. And then one day when Murray was comparatively free the two of them built a Beaver Board partition to divide the long nursery into two bedrooms, an improvement I had long desired.

But of course we did not let Teddy work all the time. Our neighbors were taking breath between haying and harvest, and so we could do more visiting and entertaining than would have been possible either earlier or later in the season. Mrs. Mowbray gave one of her all-embracing parties for Lilah Armstrong, the Fenwicks and the Severns invited us out for tea, and one very pleasant afternoon when Murray had to go to Spruce Creek I took Teddy and the twins to call on Mrs. Gagnon. In return we had one of our Saturday afternoon gatherings for the younger people, Jean and her cousin, the Severns, the Cameron boys and Mr. Macleod. And Teddy, bless him, made friends with everyone—awfully decent people I call them," he said to me.

The one dark spot on the season's gaiety was Lilah Armstrong—who would be horrified to hear herself described as a dark spot.

Under ordinary circumstances I should, I am sure, have been sorry for the girl, for she is one of the people who have never had a chance, but she made so much trouble for Jean and Jim that I cannot find it in my heart to pity her. Her mother, a sister of Mrs. Mowbray, died while quite young, and left Lilah a child of only two. Her marriage had not been a happy one and the young father lost no time in providing the child with a step-mother of his own kind, a shallow, selfish woman who resented Lilah's presence when she was young and infected her with her own false ideals when she grew into a pretty and attractive girl.

Health and Comfort

As age advances our wants are not many and with reasonably good health we can enjoy the peaceful period of life in comfort and happiness.

But unfortunately there are certain ills which conspire to destroy the pleasure of this time in life and they are usually of a decidedly painful nature.

The kidneys are often the first of the bodily organs to fail. Then the poisonous acids which should be eliminated by the kidneys circulate in the blood and cause backache, rheumatism, lumbago and the many ailments which make life so miserable.

There has, perhaps, never been a medicine so well suited for people of advancing years as Dr. Chase's Kidney-Liver Pills.

This statement is founded on the many thousands of cases reported to us from time to time.

The success of Dr. Chase's Kidney-

Liver pills is due to their direct and specific action on the liver, kidneys and bowels whereby the accumulating poisons are quickly swept from the system and the cause of pains and aches promptly removed.

Dr. Chase's Kidney-Liver Pills do not lose their effect on the system as do so many medicines but can be depended on absolutely to bring about the desired results. Used one pill a dose at bedtime as often as is necessary to keep the bowels regular, they relieve indigestion, biliousness and constipation and keep the system in healthful condition.

You will notice that while the price of Dr. Chase's Kidney-Liver Pills has been increased to 35 cents, the box now contains 35 pills instead of 25 as formerly.

Likewise the price of Dr. Chase's Nerve Food is now 60 cents a box of 60 pills instead of 50 cents for 50 pills. Edmondson Bates & Co., Ltd., Toronto.

MRS. DAVIS NERVOUS WRECK

Tells Women How She Was Restored
to Perfect Health by Lydia E.
Pinkham's Vegetable Compound

Winnipeg, Man.—"I cannot speak too highly of what Lydia E. Pinkham's Vegetable Compound has done for me. I was a nervous wreck and I just had to force myself to do my work. Even the sound of my own children playing made me feel as if I must scream if they did not get away from me. I could not even speak right to my husband. The doctor

said he could do nothing for me. My husband's mother advised me to take the Vegetable Compound and I started it at once. I was able to do my work once more and it was a pleasure, not a burden. Now I have a fine bouncing baby and am able to nurse her and enjoy doing my work. I cannot help recommending such a medicine, and any one seeing me before I took it, and seeing me now, can see what it does for me. I am only too pleased for you to use my testimonial."—Mrs. EMILY DAVIS, 721 McGee Street, Winnipeg, Man.

Lydia E. Pinkham's Private Text-Book upon "Ailments Peculiar to Women" will be sent you free upon request. Write to the Lydia E. Pinkham Medicine Co., Cobourg, Ont. This book contains valuable information.

Heavy Grain Movement

With a hundred million bushels of wheat still in farmer's hands on the prairies, the railways find their work in excess of what original plans called for. Much equipment, which goes into the shops usually at this season, will continue in service right through to the spring opening of navigation, it is declared. At present Alberta grain dominates the situation.

SO NERVOUS SHE COULD NOT SLEEP

A Quebec Woman Found Relief and Wants Others to Know

Mrs. Donald M. McLeod, Springfield, Que., was a victim of great nervousness until she found the right remedy, and is now anxious that others shall profit by her experience. Mrs. McLeod says:—"Some years ago I became run down and grew so nervous that my life was a burden to myself and all around me. Every night I would wake up with a choking feeling, numb all over and my heart beating at an alarming rate. I would jump up and walk the floor and declare I was dying. Then I would have sinking spells, and all day long would be so dizzy that I would stagger like a drunken person. I was afraid to be left alone, and my condition was terrible. I was then taken to the Sherbrooke hospital, but the treatment there did me no good and I came back home so weak that I could hardly cross the floor. I could not take care of my children, and my mother did so. Everybody thought I was dying, and I was just waiting and wondering when the end would come. At this stage my attention was directed to Dr. Williams' Pink Pills, and I got a supply at once. By the time I had used five boxes I felt much better, could eat better, and sleep better, and felt almost like a new woman. I continued the pills for some time further, and am now a strong and healthy woman. I advise all run-down women to try Dr. Williams' Pink Pills as I am sure they will do for others what they have done for me." The new sales tax will not increase the price of Dr. Williams' Pink Pills, as the company pays the tax. You can still obtain the pills through any medicine dealer at 50 cents a box, or by mail, post paid, at this price, from The Dr. Williams' Medicine Co., Brockville, Ont.

Five thousand acres of essence-yielding flowers are under cultivation in Grasse, France.

Thirty new varieties of birds have been found in the South Sea Islands.

PIMPLES ON HEAD AND NECK

Small and Formed Sore Eruptions. Skin Sore and Red. Cuticura Heals.

"Pimples broke out on the back of my head and neck. At first the pimples were small and then ran into each other and formed sore eruptions about the size of a ten cent piece. The skin was sore and red and itched a great deal, causing me to scratch."

"I had the trouble about six months before I began using Cuticura Soap and Ointment, and after using three cakes of Soap and three boxes of Ointment I was healed." (Signed) J. A. Macdonald, Giffard, Quebec.

Rely on Cuticura Soap, Ointment and Talcum to care for your skin. Sample Soap Free by Mail. Address: "Cuticura, Ltd., Dept. 44, P.O. Box 10, Montreal." Sold everywhere. Soap, Ointment and Talcum. 50¢ each. Cuticura Soap shaves without soap.

WORLD HAPPENINGS BRIEFLY TOLD

The annual meeting of the Canadian Council of Agriculture, with delegates attending from Alberta, Saskatchewan, Manitoba, Ontario and Quebec, will be held at Regina on February 19.

Wing Commander J. Lindsay Gordon, D.F.C., acting director of the Canadian Air Force, leaves shortly for England to take a two-years' course at the staff college of the Royal Air Force at Andover.

A resolution providing that race track gambling be abolished as "detrimental to the best interests of Canada" will again be moved by W. C. Good (Progressive, Brant), at the coming session of Parliament.

C. H. Best, who was associated with Dr. F. G. Banting in the discovery of insulin as a treatment for diabetes, announces that production of insulin at the Toronto University laboratory is now far ahead of the local demands.

Corns, Warts, Bunions, Painlessly Removed

Don't Hump any longer, don't suffer another hour from corns. The oldest remedy and the best, the one that for fifty years has proved a true success, will lift out your corns in a hurry. Putnam's Painless Corn and Wart Extractor is the one remedy to use. Refuse a substitute, 25¢ everywhere.

Creosote Plant For St. Boniface

A deal has been concluded between the City of St. Boniface and the Dominion Tar and Chemical Company whereby the latter secures a piece of land within the city limits on which to erect a plant for creosoting.

A Severe Attack Of Heart Trouble Was Relieved By MILBURN'S Heart and Nerve Pills

Mr. S. E. Barnes, Athens, Ont., writes:—"Four years ago I had a very severe attack of heart trouble. I consulted my doctor; he treated me for some time, but I only seemed to be getting worse. I finally went to our druggist and purchased three boxes of Milburn's Heart and Nerve Pills and derived immediate relief from their use, and I can truthfully say they are a wonderful medicine. I always keep a box on hand, and if I feel out of sorts I take a few pills and feel all right again."

Milburn's Heart and Nerve Pills are 50¢ a box at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

It is not enough in this world to "mean well." We ought to do well. Thoughtfulness, therefore, becomes a duty, and gratitude one of the graces.

Miller's Worm Powders not only exterminate intestinal and other worms, but they are a remedy for many other ailments of children. They strengthen the young stomach against biliousness and are tonic in their effects where the child suffers from loss of appetite. In feverish conditions they will be found useful and they will serve to allay pain and griping in the stomach, from which children so often suffer.

China's Philosophy

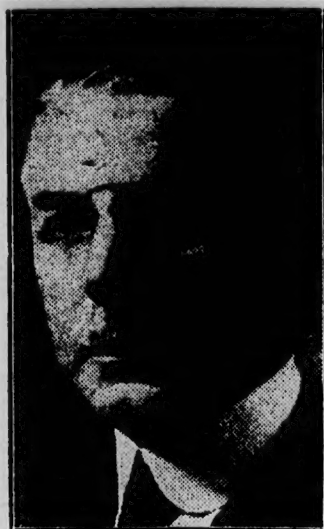

The Chinese have a philosophy of their own. It may not be so advanced as the pragmatism of the schools, nor so uplifting as that of the money markets; but it is the result of many centuries of experience, and in some particulars, such as its dislikes of minding your neighbor's business, and its want of appreciation of war, it seems tolerably sound.—The Montreal Gazette.

The Friend of All Sufferers.—Dr. Thomas' Electric Oil is a valuable remedy to all those who suffer pain. It holds out hope to everyone and realizes it by stilling suffering everywhere. It is a liniment that has the blessing of half a continent. It is on sale everywhere and can be found wherever enquired for.

Teacher (after giving the class a lesson on snow).—"And should we go out on a winter's day and look about us, what might we see on every hand?"

Small boy.—"Gloves."

Minard's Liniment Heals Cuts

J. W. Hamilton, General Manager of the Union Bank of Canada.

Union Bank Annual Report

Canada's Western Bank is in a Very Healthy Condition

Westerners will review with considerable satisfaction the operations of the Union Bank for the fiscal year ending Nov. 30, 1923. It has been without doubt one of the most trying periods which banking and business houses in general have faced for some time and the fact that this important institution, which has grown with the great western country in which its head office is located, can show a net profit amounting to \$1,033,422.15 for the year is not only very satisfactory, but a matter for congratulation. These figures, it may be noted, are almost as large as in 1922.

The 59th Annual Statement demonstrates the solidity of the bank. It shows total assets of \$128,299,679.36, while \$57,877,689.11 represents quick and readily realizable assets, which is equal to 49.8 per cent. of the bank's liabilities to the public. Included in these assets are: Specie and Dominion notes, \$10,685,387.90; deposit with the minister of finance, \$396,000; deposit in the central gold reserve, \$2,800,000; Dominion and provincial government securities, \$16,194,856.43; Canadian municipal securities, and British, foreign and colonial public securities other than Canadian, \$7,035,660.77; railway and other bonds, debentures and stocks, \$3,505,471.06; call and short (not exceeding 30 days) loans in Canada, on bonds, debentures and stocks and other securities of a sufficient marketable value to cover, \$1,096,035.25; demand loans in Canada secured by grain, \$9,407,471.93; cheques on other banks, \$4,192,561.55.

One of the outstanding features of the report is the marked decrease in loans outside Canada, indicating that Canadians and the needs of Canada have first call upon the resources of the bank.

The statement shows that deposits now total nearly one hundred million dollars, the actual figures being \$95,621,250.78. Of that amount \$67,411,589.77 represents savings accounts and the balance, \$28,179,661.01, demand deposits.

The figures contained in the statement augur well for the future of the west. The institution, through the conservative policies of those who guide it, is in a good position, and the showing made in 1923 warrants the continued active support of all for a bank which is doing so much toward the development of Western Canada.

The Union Bank and the west have progressed together in expansion and development, and just as the resources of the illimitable west are as yet scarcely scratched, so the Union Bank of Canada is but standing on the threshold of a long period of ever increasing activity and added strength.

A pleasant medicine for children is Mother Graves' Worm Exterminator, and it is excellent for driving worms from the system.

In Its Favor

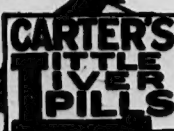

Old Lady.—That parrot I bought yesterday uses most violent language.

Dealer.—Lady, I don't deny that he does swear a bit but you must be thankful he doesn't drink or gamble." —London Weekly Telegraph.

One good excuse is better than a thousand poor ones.

Clogged-Up Liver Causes Headache

It's foolish to suffer from constipation, sick headache, biliousness, dizziness, indigestion, and kindred ailments when Carter's Little Liver Pills will end all misery in a few hours. Purely vegetable. Act gently on liver and bowels. Small Pill—Small Dose—Small Price.

"Miss America" Declares Tanlac Wonderful Health Giving Tonic

Miss Campbell in "Miss America" crown, which she has won on two occasions.

Photograph by Atlantic Photo Service.

Miss Mary Katherine Campbell, twice proclaimed "Miss America," has taken TANLAC and endorses it in a statement recently given to the women of America through International Proprietaries, Inc., distributors of this great tonic. In this statement, Miss America declares that Good Health is the basis of all Beauty, and advises women who would be beautiful to "first find good health."

Her complete statement as given is as follows: "I consider it a great privilege to be able to tell the thousands of women everywhere what a great tonic TANLAC is. Health is the basis of all beauty. Without good health, one is apt to be run down, nervous, underweight, high-strung, anaemic. Indigestion drives the

roses from a woman's cheeks and robs her of that radiant quality of womanhood that is real beauty.

"I have taken TANLAC and I do not hesitate to say that it is a wonderful health-giving tonic. It has brought relief and good health to many women, and with good health one may have a measure of beauty that will overcome shortcomings in face and figure.

"Rosy cheeks, sparkling eyes, a well-rounded figure, a lovable disposition, go hand in hand with good health. To those searching for beauty, I would say—'First of all, Find Good Health.' The TANLAC treatment has proven itself a boon to womankind, and I recommend it."

Miss Campbell has written a booklet on Health and Beauty which may be secured by filling out the coupon below.

INTERNATIONAL PROPRIETARIES, INC.

Department Z, 102, ATLANTA, GA.

Gentlemen: I herewith enclose 10 cents (stamps will do), for which send me a copy of Miss Mary Katherine Campbell's Booklet on "Beauty and Health."

Do Not Want Work

That British harvesters stranded in Toronto have positively declared themselves unwilling to go on farms and that a report on their stand, bearing "proof that they have refused to adapt themselves to Canada's conditions," was sent through immigration authorities to the Dominion Government, was the statement made by C. H. Hudson, superintendent of the government employment bureau.

Awful Asthma Attacks. Is there a member of your family who is in the power of this distressing trouble? No service you can render him will equal the bringing to his attention of Dr. J. D. Kellogg's Asthma Remedy. This remarkable remedy rests its reputation upon what it has done for others. It has a truly wonderful record, covering years and years of success in almost every part of this continent, and even beyond the seas.

New Wheat Market

Considerable quantities of Western Canadian wheat are being shipped to South America through the port of Vancouver. Up to the present, Brazil is one of the largest buyers down there.

Fresh Supplies in Demand.—Wherever Dr. Thomas' Electric Oil has been introduced increased supplies have been ordered, showing that wherever it goes this excellent Oil impresses its power on the people. No matter in what latitude it may be found its potency is never impaired. It is put up in most portable shape in bottles and can be carried without fear of breakage.

A Mammoth Cheese

Australia has sent to the British Empire Exhibition, a mammoth cheese weighing one and a half tons. A photograph taken at Pittsworth where the cheese was manufactured shows 60 school children seated on it.

Corns cause much suffering, but Holloway's Corn Remedy offers a speedy, sure and satisfactory relief.

"Did you hear about Willard, the bank cashier, stealing fifty thousand and running away with his friend's wife?" "Good heavens! Who'll teach his Sunday School class tomorrow?"—American Legion Weekly.

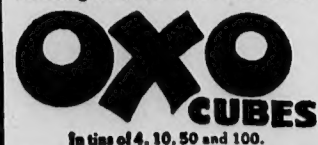

Minard's Liniment for Dandruff

Want Buffalo Park

There is a movement on foot in Saskatchewan in favor of a buffalo park in that province similar to the national park now maintained at Watnwright, Alberta, on the transcontinental line of the Canadian National Railways. The Associated Boards of Trade of the province are to deal with the matter.

**THERE IS A TIME
FOR EVERYTHING**

THE time to have your HARNESS REPAIR-
ED and OILED is RIGHT NOW, not when
you are ready to hitch up for work in the field.
I have everything in shape to fix you up for a
good start. My repair shop is complete in every
way with the best of machinery, materials and
workmanship READY FOR YOUR SERVICE.

I make a specialty of oiling harness. Each and
every harness is taken apart and thoroughly scrub-
bed with brush, soap and water to remove all sweat
and dirt before being soaked in the oil tank. Every
loop and part of the harness gets its share of the
oil, a thing impossible to do by hand oiling.

My charges for this thorough work are very
moderate:

Team harness \$3.00 per set

Plough harness, without breeching, \$2.50

Democrat harness \$2.50

Buggy harness \$1.50.

If harness is clean I can oil them from \$1.40 up.

If you do your own repair work I can furnish
you with HARNESS LEATHER, either cut stock
or by the side; also HARNESS HARDWARE,
thread, wax, etc.

a son of the second highest milk
record cow in Canada. Dam Snow
Flake Echo Keyes 160500.

Bright View Sadie Alcitra (114-
833). Born December 5, 1922. Bred
February 6, 1924. Sire King Sadie
Walker Veeman 46424. Dam Bright
View Alcitra Concordia 194162.

Purebred Yearling. Sired by bull
owned by Mr. Carmen Baker for
which he paid Hon. A. C. Hardy
\$7,000. 20 Dams in his pedigree
averaged over 30 lbs. butter in seven
days.

Purebred Bull Calf. Born Oct-
ober 24, by same sire as above. His
dam has a high milk and butter
record and is a noted show cow.

Purebred Bull. Born March 21,
1923. His dam has butter record of
over 29 lbs. in seven days and she
is half sister of the noted May Echo
Sylvia.

Year Old Bull, that I regret very
much to part with. He represents
the best combination of blood lines
in Canada. The service fee paid to
Hon. A. C. Hardy was \$500 to get
dam of this calf. She freshened at
just 2 years old and made over 22
lbs. butter in 7 days.

MISCELLANEOUS

Refrigerator: 30 Purebred white
Rock pullets; Piano bench.

ALVIN THOMPSON

Owner of the following horses,
cattle and machinery:
